

CreteDefender ZAPP™ Tech Data Sheet

Product Description:

CRETEDEFENDER ZAPP is an all-purpose cleaner & ultimate degreaser designed to remove road film, grease, oil, vehicular fluids, carbon, atmospheric staining & undesirable substances from treated and untreated concrete, stone, brick, masonry, asphalt/tar, wood and metal surfaces. For use in industrial, commercial, and residential settings. ZAPP formula lifts & balls up grease, oil, & substances from surfaces for easy removal. ZAPP makes it possible to deeply clean and restore concrete and other substrates without the need for acids, neutralizers, & other harmful chemicals. ZAPP is applied via pressure washer cleaner tanks or diluted in spray bottles or buckets & mopped on. See instruction application guidelines for more details & recommended dilutions.

Key Features & Benefits:

- Highly powerful cleaner and degreaser
- Saves you money by dramatically reducing costs of maintenance and repair
- Environmentally safe, yet high-performing
- non-toxic, non-hazardous, non-flammable
- No high pH
- No need to neutralize post-application
- USDA approved for use in food service areas

Product Data

Package Sizes 5 gal. pail (47 lbs./21.3 kg)
 & Weights: 55 gal. drum (505 lbs./ 229 kg)

Protect from Freezing: Yes
 Solubility in water Complete
 Appearance & Odor: Clear light yellow liquid. Mild detergent odor.
 Flammable: No
 DOT Hazard Class: None
 Hazards: Health: 1

May be irritating to the eyes, skin, and mucous membranes. Do not ingest.

Mixing: Use at full strength, or dilute as much as 9:1 according to the need. See dilution instructions for specific job needs.

Shelf Life: 2 years, unopened

Recommended Uses:

- Carbon / Atmospheric staining on buildings, equipment, vehicles, surfaces etc.
- Oil-based stains
- Motor oil, automotive fluids, anti-freeze, hydraulic fluids,
- Food grease, food spills
- Bubblegum or other tough removing substances
- Concrete floors
- Marble, travertine, & granite (won't remove polish or shine finishes)
- Decks, fences

Use On:

- Concrete: high & low quality, interior/exterior, broom or smooth finished, slab, pre-cast, structural, decorative (stamped, stenciled, or polished), horizontal or vertical, old & new, treated & untreated
- Concrete flooring
- Concrete block
- Masonry
- Brick (painted & unpainted)
- Stucco
- Asphalt / Tar
- Concrete pavers & other hard cementitious products
- Marble, travertine, & granite
- Unpainted & painted metal (including architectural, equipment, truck beds, etc.)
- Unpainted & painted wood surfaces (i.e. siding, decks, etc.)
- Counters, stainless steel

- Will not discolor original surfaces
- Will not damage architectural aluminum
- Cold weather does not impact performance efficiency
- Will not remove polishes or finishes
